Powers

YOUR ELEMENT **Electricity.** Wherever a power below says “the elemental type’s special effect”: Stuns target for one round.

ATTACKS

Elemental Burst — NO FOCUS

Standard · Instant · Elemental Control

ROLL Agility vs Agility

The character makes a ranged attack against an enemy in line of sight within 10 spaces. If the attack is a success, it inflicts regular damage. **On a Fantastic success**, the enemy takes double damage instead and the elemental type's special effect.

Elemental Blast — 5 OR MORE FOCUS

Standard · Instant · Elemental Control

ROLL Agility vs Agility

The character makes a ranged attack with an edge at an enemy in line of sight within 10 spaces. For this attack, add +1 to the character's Agility damage bonus for every 2 points of Focus they spend. On a success, an affected target takes that total damage. **On a Fantastic success**, an affected target takes double that total damage and suffers the elemental type's special effect.

Elemental Barrage — 15 FOCUS

Standard · Instant · Elemental Control

ROLL Ego vs Resilience

The character designates a space within their line of sight. The attack can affect every enemy within 10 spaces of that. The character makes a single Ego check and compares it to each target's Resilience defense. Affected enemies take half regular damage. **On a Fantastic success**, they take full regular damage and the elemental type's special effect.

Telepathic Blast — 5 FOCUS

Standard · Instant · Telepathy

ROLL Logic

The character makes a Logic attack against a target in line of sight. If the attack is a success, it inflicts regular Focus damage. **On a Fantastic success**, the target takes double damage instead and is stunned for one round.

ACTIONS

Inspiration — NO FOCUS

Standard · 1 round · Standard

The character inspires an ally in earshot. The ally gains an edge on all action checks until the start of the character's next turn.

Battle Plan — 10 FOCUS

Standard · 1 round · Tactics

The character inspires one or more allies of their choice in earshot, up to the character's Vigilance. Inspired allies gain an edge on all action checks until the start of the character's next turn.

Telepathic Link — NO FOCUS

Standard · Concentration · Telepathy

ROLL Logic vs Vigilance, if forced

The character can communicate telepathically with one person at a time, and they must have met or seen the other person before. There is no limit to the distance of the communication, as long as the character and the target are in the same dimension. If the other person does not wish to speak with the character, the target can automatically tune them out. To force a telepathic link, the character can make a Logic check against the target's Vigilance defense. On a failure, the character cannot attempt to communicate with the target this way for the rest of the day. On a success, the character can communicate with the target for one round. **On a Fantastic success**, the target cannot shut the character out for the rest of the day.

Mind Reading — NO FOCUS

Standard · 1 round · Telepathy

ROLL Logic vs Logic

The character can read the thoughts of a single person with whom they have established a Telepathic Link. This requires a Logic check against the target's Logic defense. On a success, the character can read the target's surface thoughts. **On a Fantastic success**, the character can ask a single simple question and get the answer from the target's mind.

Command — 5 FOCUS

Standard · 1 round · Telepathy

ROLL Logic vs Logic

The character gives an order to a target with whom they have established a Telepathic Link. The character makes a Logic check against the target's Logic defense. On a success, the target complies with the order. **On a Fantastic success**, the character gains an edge the next time they use this power against this same target. The command must be completable in a single action. If it involves harming someone, the character has trouble on the check. If it would cause the target to harm themselves, the character has double trouble.

REACTIONS

Elemental Protection 2 — 10 FOCUS

Standard or reaction · Concentration · Elemental Control

The character protects themselves with their element. Any attacks against them that do 20 points of damage or less are instantly absorbed, and the protection continues. If an attack does more than 20 points of damage, it destroys the protection. Either way, the character remains unharmed.

Elemental Reinforcement — VARIES

Reaction · Instant · Elemental Control

TRIGGER Damage gets through an elemental power.

The character can transfer any Health damage that gets through an elemental power that grants damage protection to their Focus instead, leaving the protection intact.

ALWAYS ON

Flight 1 — NO FOCUS

Passive · Permanent · Standard

The character can fly. Their combat Flight Speed is equal to their rank times their Run Speed. Outside of combat, they can move three times their Flight Speed.

Sturdy 2 — NO FOCUS

Passive · Permanent · Standard

+2 Health Damage Reduction. Reduces all incoming Health damage by 2 before it is applied. Always active.

Discipline 2 — NO FOCUS

Passive · Permanent · Standard

The character adds +2 to their Ego damage multiplier, and they gain a +2 bonus to Ego checks other than attacks.
